EDUCATION

The University of Mindanao

Aug 2023 – Present

Bachelor of Science in Computer Science

Relevant Courses: Web Development, Software Engineering, Cybersecurity, Machine Learning, Data Structures and Algorithms, Simulation and Modeling.

SKILLS

Languages: JavaScript, TypeScript, Java, Python, PHP, C, SQL, HTML/CSS

Skills: Object-Oriented Programming, REST API Design and Integration, UI/UX Structuring, Database Design, Version Control

Tools: Node.js & Express.js, React.js, Next.js, Electron, Tailwind CSS, Prisma ORM, Git & GitHub, Postman, Figma, Laravel, Docker

EXPERIENCES

Software Development Intern

Sundo Platform Inc. | July 2026 – August 2026

- Analyzed database requirements and relationships and developed Entity-Relationship Diagrams (ERDs) to define and document the application's data structure.
- Developed 10+ reusable mobile frontend components using **Expo and React Native**, contributing to the implementation of application features and consistent UI patterns.
- Strengthened application quality by assisting with testing, debugging, and troubleshooting frontend functionality while collaborating with the development team.

PROJECTS

Backend Engineer – UMATtend Attendance Management System

Technologies: Express.js, TypeScript, Prisma ORM, PostgreSQL

- Developed backend services and REST APIs for UMATtend, a real-time attendance management system for the University of Mindanao's intramurals event.
- Designed and managed PostgreSQL data models using Prisma ORM, supporting reliable and efficient data management.
- Collaborated with full-stack developers to integrate backend services with the application, supporting system performance during high-traffic event periods.

Full Stack Developer – ProjektManga Manga Reader

Technologies: Next.js, Express.js, Prisma ORM, TypeScript, Electron, Tailwind CSS, MySQL

- Developed a cross-platform manga reader desktop app.
- Implemented local storage for offline reading.
- Built a modular scraping system with dynamically loaded site-specific scrapers using Cheerio and Axios.

CERTIFICATES

IT Specialist in Network Security – Certiport (March 2026)

IT Specialist in Databases – Certiport (March 2025)

IT Specialist in Java – Certiport (March 2024)

EXTRACURRICULAR ACTIVITIES

Hack4Gov Participant (Regional)

Cybersecurity Competition Organized by DICT – October 2025

- Secured **2nd runner-up** in the regional round of Hack4Gov 2025 as part of a 4-member team.
- Solved real-world government security challenges in a CTF-style competition, focusing on **web exploitation**, **digital forensics**, and **OSINT**.

Quantum Computing and Cybersecurity Hackathon Participant

Cybersecurity Competition Organized by Quantum Computing Society of the Philippines (QCSP) – June 2026

April Bords Maghuyop Nerosa

Davao City, Davao del Sur, PH | +63 9182252580 | aprilbords.n@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

- Secured **1st runner-up** as part of a 5-member team by solving CTF-style challenges involving **quantum computing**, **cryptography**, **web exploitation**, and **OSINT**.
- Applied **quantum computing and cybersecurity concepts** to analyze vulnerabilities and solve complex, time-constrained challenges throughout the competition.

Tech Committee Member

University of Mindanao Student Developer Community (UMSDC) | August 2025 – July 2026

Tech Committee Member

Junior Blockchain Education Consortium of the Philippines (JBCEP – UM Davao) | August 2025 – July 2026

Tech Committee Member

University of Mindanao Enigma | August 2024 – July 2025

SEMINARS

Internship Seminars – Office Etiquette, Work Ethics, Gender & Sexual Harassment Awareness, Mental Hygiene Jun 2026
University of Mindanao

Industry Integration – Software Quality Assurance in Modern Practice
University of Mindanao

Software Development – Git, GitHub & JavaScript Workshop
University of Mindanao
